Famous Lawyer New York Republicans' Nominee for the Governorship---Hearst to Lead Dems.

Democratic District Attorney  
Declares He Will Bolt If  
Hearst Is Named.Says He Will Stump the State  
for the Republican  
Nominee.

## WORK OF THE CONVENTIONS

Republicans—Charles E. Hughes, famous insurance investigator, nominated for governor by acclamation; Lieutenant Governor M. Linn Bruce renominated by acclamation. Harmony prevails.

Democrats—Factional strife continues. Hearst thought to be certain of nomination, the bitterness of anti-Hearst element probably will postpone nominating until tomorrow. Jerome declares he will support republican candidate.

Saratoga, N. Y., Sept. 25.—Charles E. Hughes, famous insurance investigator, nominated for governor by acclamation; Lieutenant Governor M. Linn Bruce renominated by acclamation. Harmony prevails.

Said to have been favored by President Roosevelt for the nomination, and strong through the state, Mr. Hughes was looked to as the strongest possible opponent for William R. Hearst, the probable nominee of the democrats. In his nomination by acclamation the republicans showed that they are in harmony and will wage a desperate battle for the election of Mr. Hughes and the ticket he heads.

## Cheer Jerome's Threat.

Tremendous enthusiasm followed the nomination. No sooner had this been announced than it was announced that District Attorney Jerome had declared that if the republicans nominated a decent man at Saratoga he would stump the state for him. Then broke another storm of applause that fairly shook the building.

Lieutenant Governor M. Linn Bruce was renominated by acclamation.

A telegram from Mr. Hughes was received accepting the nomination "without pledge other than to do my duty according to my conscience."

## The Platform.

Temporary Chairman Driscoll called the republican state convention to order today a little after the appointed time. State Senator W. W. Armstrong of Rochester was unanimously elected permanent chairman, and on assuming the gavel spoke at considerable length on the respective records of the democratic and republican parties in the administration of state and national affairs.

The committee on resolutions then made its report, which was adopted without dissent.

The platform opens with an expression of confidence in President Roosevelt and an indorsement of his administrative work in protecting both labor and capital, in securing fairer railroad rates, in reforming the trust abuses, in taming the building of the Panama canal, in securing pure food laws, in bringing about peace between Japan and Russia, and in seeking to bring about peace in Cuba.

## Praises Higgins.

The administration of Governor Higgins is likewise approved as the greatest in the history of New York state in needed reforms accomplished or begun.

The wisdom of the protective tariff is affirmed, and revision, it is urged, belongs to the friends of protection and not to its enemies. Legislation looking to the restoration of the American merchant marine is recommended. The stand taken by President Roosevelt on the eight-hour law, the reduction of representation in the electoral college and in congress to offset suppression of the elective franchise, and the prompt punishment of mob investigators are other recommendations. Sympathy for the outraged Jews of Russia is expressed.

## Boss Odell Out.

Former Lieutenant Governor Timothy L. Woodruff of Kings county was elected chairman of the state committee, succeeding former Governor B. B. Odell, Jr. The convention adjourned.

## JEROME WILL BOLT PARTY

Hating Hearst, District Attorney  
Swears to Work for His Defeat.

Buffalo, N. Y., Sept. 26.—After a strenuous day and night of preliminary politics the New York state democratic convention came to its crucial session today, with all indications pointing to the nomination of W. R. Hearst for governor.

The necessary preliminary work was taken up as soon as the brief convention session of yesterday was ended, and it was prosecuted with energy during the night. The committee on resolutions worked until 1 a. m. before a product to its liking was effected. It was early decided that the platform should contain a plank on W. J. Bryan, also that it should declare in favor of municipal ownership of public utilities, the latter being qualified by a local option clause.

## Jerome Will Bolt.

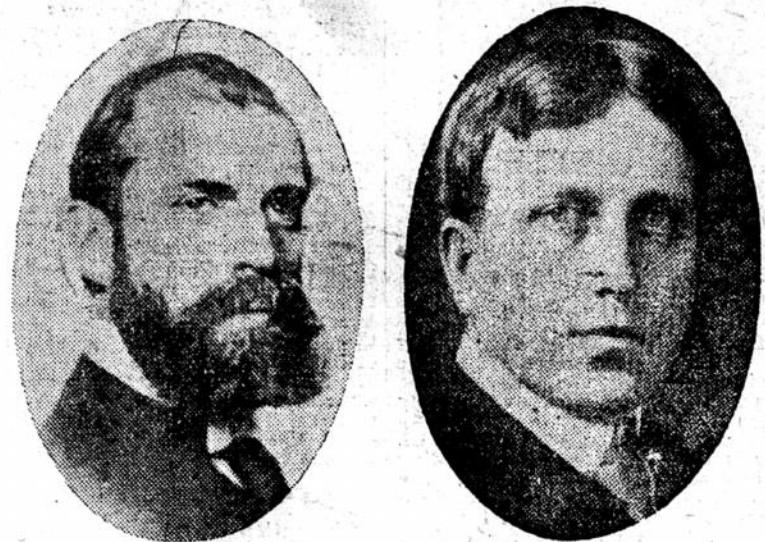

The democratic convention was called to order at 11:06 a. m. by Chairman Nixon, who announced that owing to the inability of the committee appointed yesterday to complete their work the session would stand adjourned until 2:30 p. m.

"If they nominate a decent republican at Saratoga I will go on the stump and plead for the defeat of Hearst," declared District Attorney Jerome of New York at an adjourned session of the Albany conference of anti-Hearst democrats today. "I will appeal for his defeat not on the ground that it is a political issue, but because the issue raised is that of political freedom. We do not think that it is a democratic convention. It is not representative. I for one believe that we are entirely absolved from any obligation to support a ticket put together in a back room by Charles Murphy, 'Pat' McCarren and 'Tim' Sullivan.

"I believe it is the duty of this conference to give unmistakable utterance to their belief that this convention was

STENSLAND, GUILTY,  
ON WAY TO PRISON

Banker, Four Hours in Chicago, Is Sentenced to Joliet---Pleaded Guilty.

## Special to The Journal.

Chicago, Sept. 26.—Less than four hours after his arrival in Chicago, Paul O. Stensland, former president of the Milwaukee Avenue State bank, arrested in Morocco, was returned to Chicago today. He was taken to the criminal court building, where arrangements are being made for a speedy termination of the case.

Stensland's arrival promises to draw the curtain, which will reveal a ring of prominent business men and lawyers, who have been the real pirates in the looting of the Milwaukee Avenue State bank.

"It is possible that greater 'crooks' than Stensland may be brought into the open by his testimony," said State Attorney Healy.

Detectives from the state attorney's office are said to be watching the prominent citizens implicated by Stensland's confessions. The authorities plan to prevent them from leaving the city.

Hidden from Sight.

Stensland left the train under heavy guard of police and detectives. A large crowd, but their hopes of catching sight of Stensland were baffled by the police.

The party left the Lake Shore station at the rear of the trainshed, where three carriages were in waiting, and were driven rapidly to the criminal court building.

When the criminal court building was reached the entrance to the building and the sidewalk were crowded with men, women and children. The carriages were closed and those inside remained in their seats until a squad of policemen and deputy sheriffs cleared a path to the building.

BAN ON FOOTBALL  
FELT AT MADISONIs Decrease in State University  
Enrollment Chargeable to  
Game's Suspension?

## Special to The Journal.

Madison, Wis., Sept. 26.—Has the suspension of football caused a decrease in the attendance at Wisconsin university?

This is a question that is being considered by the faculty and regents of the institution. No official figures have been given out, but it is said that the enrollment for the last two days has been close to four hundred less than at the same time last year.

The university was prepared to meet an increase of about four hundred, the usual annual gain.

Starts Revolt of the  
Villages.

St. Petersburg, Sept. 26.—Grave agrarian disorders have broken out in the province of Viatska, the center of disturbances being the important district of Malmush, with a population of over 100,000. According to the reports, the inhabitants of seventy villages have joined in the uprising, have disarmed and expelled the police and are pillaging and destroying the residences of the land owners and devastating the country.

Police Chiefs Killed.

It is rumored at Viatska that the administrative police chiefs in the Malmush district and eight of their subordinates have been killed. The excesses began Sept. 20 with a riot over the enrollment of army reserve men for their autumn service.

At the village of Mutani a mob of peasants attacked the enrollment station, killed a sergeant and six rural policemen, mortally wounded the assistant police chief of the district and destroyed the lists of reserve men.

## Manifesto to Blame.

The Viborg manifesto is thought to be more directly responsible for the disorders than anything else. It had a wide circulation in Viatska province and its exhortation to the peasants to refuse to do military service was spread by the members of the outlawed parliament from Viatska.

## Second Bomb for Captain.

Helsingfors, Finland, Sept. 26.—A second bomb was thrown in the night against the residence of Captain Albrecht, commander of the police, following the unsuccessful attempt made early yesterday morning to blow up the police reserve barracks. The captain's house was wrecked, but there was no loss of life. It is thought that the perpetrators of the outrages were actuated by a spirit of revenge for the recent arrests of Finnish refugees in Stockholm, in which the Finnish police co-operated.

## Car Going to Biarritz.

Paris, Sept. 26.—A dispatch to the Echo from Biarritz says that the quarters are being secured there for Emperor Nicholas and the Russian imperial family, who will soon join the Grand Duke Alexander Michaelovitch and his family, who recently arrived at Biarritz. The report is not credited here.

PLOT TO OVERTHROW  
ECUADOR'S PRESIDENT

Guayaquil, Ecuador, Sept. 26.—The government has discovered a conspiracy to overthrow President Alfaro and proclaim Miguel Seminario president. It is rumored the rebels yesterday captured the city of Guaranda, capital of the province of Bolivar, but the report is officially denied.

## HOUNDS AFTER ROBBERS.

Brady, Neb., Sept. 26.—The "Bank of Brady" was wrecked by robbers yesterday and a big force of men and dogs is in pursuit of them.

## \$60,000 FOR SUFFERERS.

Hongkong, Sept. 26.—The Chinese superintendent fund for the benefit of sufferers by the recent typhoon has reached the sum of \$60,000.

LIVES IN MONKEY CAGE

OTA BENGAL, THE AFRICAN PYGMY.

He is about as near an approach to the missing link as any human species yet found. Despite protests from Afro-American societies, he has been living in the monkey house of the great zoological gardens at Bronx park, New York, and really enjoyed associating with the simians from his home jungle. Yesterday, enraged by an attendant who turned the hose on him, he gave way to his animal instincts and attacked his tormentor fiercely with a knife.

\$5,857,917 CUT  
IN CITY LOT TAXState Board of Equalization Re-  
duces Minneapolis Real Es-  
tate Valuation.

Minneapolis had its assessed valuation decreased \$5,857,917.50 by the state board of equalization today thru the efforts of Lester E. Elwood, the Minneapolis member of the board.

The decrease was made in two class valuations, on town and city lots, and on structures and improvements on town and city lots. Town and city lots in Hennepin county were returned to the state board this year at \$61,879,455. They were returned to the board in 1904 at \$51,300,000, but the board that year ordered a 5 per cent increase. This year structures and improvements on town and city lots in Hennepin are returned to the board at \$55,278,095. They were returned to the board in 1904 at \$40,483,000 and a 5 per cent increase was then ordered. The assessment of the two classes changed, as it will be left now, will be \$111,300,252.50, instead of \$117,153,150, as returned this year to the state board, and will stand nearly as fixed by the state board two years ago.

Mr. Elwood, in asking for the reduction, said that he believed such a reduction was but fair in adjusting assessed values in Minneapolis to those of St. Paul and the rest of the state. Property in the business districts of Minneapolis, he said, is assessed at \$2,200 a front foot. Property in St. Paul of equal value bears an assessment of but \$900 a front foot. The value of Minneapolis real estate and its improvements, asserted Mr. Elwood, is over-assessed; in some cases the valuation is placed for taxation in excess of what it would bring at a sale. Mr. Elwood's resolution for a reduction of 5 per cent was carried without a dissenting vote.

Mr. Elwood gave notice that when the board comes to the assessment of goods and merchandise he will ask for a reduction of 10 per cent in the assessed value. This class is returned to the board at \$4,738,470. In 1905 the assessment was but \$3,179,575.

Manila, Sept. 26.—The Cagay valley, in the northern part of the island of Luzon, was devastated by a typhoon Sept. 18. Barrio Calanan, Alanan and Bagao were totally destroyed and four other towns were badly damaged. Cagay is the principal tobacco section of the island and the crops were practically destroyed. The loss of life is known to have been slight.

A typhoon in Laguna province, island of Luzon, Sept. 22, destroyed a number of roads, damaged the crops and caused about \$150,000 damage.

U. S. GIRLS FOR WAR IN CUBA;  
INTERVENTION NEARTaft Gives Up in Despair and More  
Battleships and Marines Are  
Rushed to Island.Palma Rejects Peace Proposals to Cheat  
Liberals of Officers and  
Menaces Liberty.

## ROOSEVELT IS READY.

Oyster Bay, Sept. 26.—While no order yet has been given for the mobilization of troops in anticipation of possible intervention in Cuba, it is learned here that preparations for such an eventuality have progressed so far that no time would be lost in embarking troops should such a move become necessary.

The scarcity of government warships in Atlantic waters would be the most serious matter with which the United States government would have to deal in handling an army of invasion.

## PALMA MAY RECONSIDER.

Havana, Sept. 26.—President Palma remained in his private apartments all the morning. He permits of no opportunity to interview him or communicate with him by messages. His associates say he is deeply grieved at the outcome of the revolution and there are rumors that he is reconsidering his intention to resign. Nothing, however, has as yet developed in substantiation of the report.

## TAFT SENDS APPEAL.

A communication from Secretary Taft and Assistant Secretary of State Bacon was taken to the palace shortly after noon. It was understood to contain an urgent appeal to the patriotism of President Palma to reconsider his resignation and co-operate with the American peace commissioners.

Senator Zayas, president of the liberal party, visited the American commissioners during the morning and presented his written observations on the situation. He stated that he would not call a meeting of the liberals or take action on the new situation before tomorrow.

## Journal Special Service.

Washington, Sept. 26.—Armed intervention in Cuba by the United States is at hand, and is likely to be at any moment. Secretary Taft has advised President Roosevelt that his mission to Cuba is a failure and that an agreement cannot be reached between the insurgents and the Cuban government.

The resignations of practically every official of the Cuban government, national and municipal, are in the hands of President Palma, and his own resignation is being prepared for presentation to the Cuban congress not later than Friday. Secretary Taft denounces the conduct of the government.

## Would Cheat Cuba.

It is said that the Palma party has decided to force intervention to cheat its political adversaries of their just deserts. Secretary Taft declares that the recent elections were rotten. This means that many of the liberals are not entitled to the offices they hold. The decision of the liberals to accept the decision of their ballots; the liberal party has decided to deprive Cuba of its liberty.

President Roosevelt, upon the receipt of the advice from Secretary Taft, directed that 1,500 more marines be sent to Cuba at once, and he ordered the battleship Texas, the armored cruiser Brooklyn, the cruiser Columbia and the cruiser Prairie to Cuba.

Acting Secretary of the Navy Newberry directed Admiral Evans to assemble all the marines of his fleet at Provincetown, Mass., for transportation to Boston, where they will be put on board the Prairie and be sent to Cuba at once.

## Big Battleships to Go.

The Brooklyn is at the League Island navy yard and the Texas is at Norfolk. There are about 600 marines in the Atlantic fleet and there are about 900 scattered throughout the country. These will be assembled at Norfolk to be shipped on the Texas, and others will be transported by the Brooklyn, which is at the League Island navy yard, Philadelphia.

One of the Morgan line steamers has been chartered and will assist in taking the marines to Cuba. This vessel will sail from New Orleans, at which point some of the men will be embarked. The vessel will stop at Pensacola and other Florida ports, where it will pick up more marines for Cuba.

Five more battleships were ordered to Cuban waters at once. These are the battleships Kentucky, Kearsarge, Illinois, Alabama and Indiana. These large vessels will be sent because each of them have crews consisting of 772 men, which will give the navy large landing parties and will enable this government to place on Cuban soil a sufficient number of bluejackets and sailors to cope with any situation.

## 15,000 Troops in Readiness.

There are now 2,000 marines in Cuban waters, and 4,000 bluejackets, and when the marines and the ships now under orders to sail, reach Cuba there will be about 7,000 bluejackets that can be sent ashore and 3,500 marines.

Preparation for sending a large contingent of the army to Cuba have been completed, but the army is somewhat handicapped because of the lack of transports. There is but one army transport, the Sumner, on the Atlantic coast. This is a New York ship, and it will take about three days to put it in readiness for service. But the government has chartered a number of

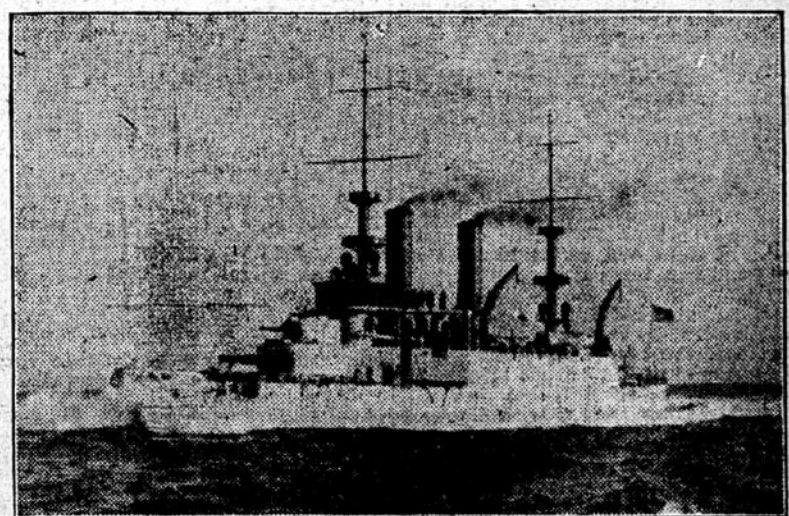

## Rebels Jubilant.

Havana, Sept. 26.—Despite the constant rain of this week the rebels encamped in front of Havana are today in extra fine spirits. They all appear exultant over the withdrawal of the Palma government, and the possibility of American intervention, did not seem to act as a drawback to their satisfaction.

No one was found who would say that the rebels intended to resist an American supervision over Cuba. The most important leaders, however, regard American intervention as too delicate a subject to be discussed at present and they prefer taking their cue from the liberal revolutionary leaders in Havana.

A correspondent of the Associated Press found General Pino Guerra to

## MONSTER BATTLESHIP ORDERED TO CUBA

THE BATTLESHIP KEARSARGE, which, with six of its powerful sister ships, has been ordered to prepare for immediate sailing to Cuban waters. The Kearsarge, Texas, Indiana, Kentucky, Illinois and Alabama, all under rush orders, form a most powerful fleet.
